In the opinion of the Lake Cheyenne board of appraisers some of the mosquito nests in the bottoms are not worth much by the acre.

Of late years Herington and Homestead township has been going republican. See the consequent result, boys?

Candies are nice, especially when FRESH and PURE. That is the kind you always find at Rathburn's Candy Kitchen.

Is your wheat lousy? If so, do not borrow any trouble over the fact, for the scientific nabobs say the wheat lice are harmless.

Dr. M. L. Daniels, the old original practitioner of Pawnee Rock, called on the DEMOCRAT Monday. It is a fact that no other article manufactured in the United States gives such universal satisfaction as Yeast Foam. Other kinds of Yeast may be good some of the time, but Yeast Foam is good ALL of the time, and you take no chance of losing your flour when you use Yeast Foam according to directions printed in every 5 cent package.

Mrs. James Welch last week sent the editor's family a box of the finest strawberries that we have ever seen. It was not one of those little commercial, wooden boxes with the bottom half way up like a fake coffin pillow, but a large, well grown shoe box that held enough for a larger family than two pair. The berries were raised on the Welch farm, in Great Bend township.

Here's a good one on J. B. Prose: He put \$200 in a quarter section of land in the Cheyenne bottoms, as a matter of speculation. The board of Cheyenne Lake appraisers, of which Mr. Linder is a member, appraised that quarter at \$50. Mr. Linder is the father-in-law of Mr. Prose. Present your bill for the \$150 to Mr. Baldwin, friend Prose.

Quarterly meeting at Olivette church, the 17th.

Strawberry short-cake, and every thing else that is good to eat, at McCullough's.

There is great kicking over the appraisal of the lands condemned for lake purposes in the Cheyenne bottoms. Before "Lake Baldwin" is completed the attorneys are liable to have some good picking. Say, how would you like to be Baldwin? Is not he the man responsible for all this trouble? If he had not inoculated the people with the great lake idea it might never have been thought of. What's the matter with making Prof. Baldwin put up for all your losses through this lake movement.

The camp meeting being conducted in the west part of town, near the West Side schools, has been receiving considerable attention the past week. There are a large number of the followers of that belief present from various parts of Kansas and Oklahoma. The camp grounds are laid out in orderly symmetrical style; there are about fifty family tents, with cook tents, stables, store tents etc., and two large audience tents properly seated and lighted. Meetings are held every day and evening, in German in one auditorium and in English in the other. A large farm bell is put up and rings the hours of services and the arising and retiring hours. The meetings are conducted as most revival meetings, with preaching songs, etc. Our visitors seem to be an orderly, well behaved and earnest set of people.

The Avery threshing machine takes the lead. It is more durable, and cleans and threshes better than any machine in the market. We sold an outfit to Boshel & Weimer, Great Bend, two years ago, and you can inquire of them how many repairs they used the last two seasons. GREAT BEND IMPLEMENT CO.
